

# SCHOOL HERITAGE CORNERS OPEN HOUSE

Celebrate Singapore's Education Heritage as schools open the doors to their Heritage Corners, which are dedicated spaces in schools that act as repositories of their collective memories. Experience the diverse heritage of the schools through special student-guided tours of their Corners and see how their stories weave into the larger narrative of Singapore's development.

NHB's School Heritage Corners Programme was officially launched in 2014 and aims to enable schools to create their own Heritage Corners. The corners act as a showcase of each school's unique history and heritage, alongside that of the communities they belong to and the nation as well.
